About Asa

Dr. Asa Don Brown's books and lectures have transformed the minds of his readers and audiences around the world. He is an author, speaker, clinician, professor and advocate. Asa has worked in private practice in Canada and the United States. He has taught at the university and college levels. He has served a variety of professional boards including: Washington State Counseling Association, Canadian Counselling and Psychotherapy Association, The Society for the Arts in Dementia Care, and a variety of others. He has consulted various forms of government; social service agencies; legal practices; educational institutions; medical practices; religious organizations; and others in the field of psychology and psychiatry. He regularly consults and engages businesses and business leaders on topics that directly affect their fields. He is a prolific author having been published in a variety of professional and popular journals, magazines, and online columns. He has had the privilege of being interviewed and a guest of a variety of television, radio, magazine, and newspaper columns...

Dr. Brown's presentations are perfect for:
Type-A Super Achievers, Athletes, Entrepreneurs,
Corporate Executive, Professional Organizations,
Colleges and Universities, Youth Groups,
Individual/Couples Retreats
